

Hello Parents

As a year round swim team, we must meet budget requirements for the entire year, not just September through May. In order to meet these requirements, the Board of Directors has voted to distribute the Category payments over nine months versus eleven, beginning in September 2018. There will be no monthly Category charges in June or July of 2019, only meet fees. The monthly fees by Category will **NOT** be significantly increased from last year, instead they will be distributed over a shorter period of time. Category 1 fees will not change.

Fees for the 2018/19 year will be as follows:

Category 1: \$75 per swimmer per month from September - May

Category 2: \$130 per swimmer per month from September - May

Category 3: \$145 per swimmer per month from September - May

Category 4: \$170 per swimmer per month from September - May

Category 5: \$185 per swimmer per month from September - May

June & July billing will only consist of meet & travel fees.

We are looking forward to another great season in 2018-19.

Thanks

EST Board
